This is the fourth office action for application number 10/789,596, Wrist Support Device, filed on February 27, 2004.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the primary reasons for the allowance of the claims in this application is the limitations of a wrist support device including a base member having a receiving aperture, and wherein the base member extends continuously about the receiving aperture for encircling the periphery of the computer mouse when the computer mouse is positioned in the receiving aperture, the base member being for inhibiting the computer mouse from inadvertently exiting the receiving aperture when the computer mouse is in use, now included in independent claim 8 and in combination with the other elements recited in the claim, which is not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
